Hello. Welcome to the hotel. We have everything ready for you. You've already checked in online, so first let me tell you about your room. You've ordered the deluxe room and it comes with one large kingsize bed, and in your room we have a work area with a desk and chair. Luckily for you, this room has just been remodeled so it has new furniture and new wallpaper, so it looks really nice so you'll have one of your premium rooms.

Also, for all guests we offer one free, complimentary beverage at the bar, so the bar is located outside of the hotel by the pool. It's also near the beach, so take this down to the bar outside, and you can get your free drink.

Also, part of your hotel package, you have a free breakfast and your breakfast is the super healthy pack, which comes with an egg, and fruit and your choice of beverage as well.

Oh, one more thing, I forgot to mention, in your room, you are only on the third floor and your bathtub is by the window, so if you take a bath be sure to close the blinds because people can see you in the bathtub because it's so close to the window, so please remember that.

And lastly, the room attendants will come by to clean your room usually at around 10 o'clock, so they'll come by, give you fresh towels, clean up the room. If you do not want your room cleaned at that time please call down and tell somebody and we can postpone it for later.

OK, thank you very much. I hope you enjoy your stay and thanks for checking in.

One

I like to go shopping and I usually go to the department stores. I don't buy used clothes that often unless I need them for an event or university event or something.

Two

I guess like a lot of guys I'd rather go to the store, know what I want to get, go in, get that thing, buy it and get out so I'm not a really big fan of shopping.

Three

I'm usually very easily bored with buying things. I try to make really quick decisions, the only exception being with jewelry because it always catches my attention. So yes, shopping is definitely not a thing I like to do very often.

Four

So I hate shopping. The only time I really go shopping is when I go to the supermarket to get some food or some supplies. I try to avoid clothes shopping because I find it so boring and I tend to rely on my girlfriend or my mother to buy me clothes, which is a little bit sad.

Five

I go shopping everywhere. In Ireland there are many charity shops so I really like shopping there for really exotic dresses, but I really, really like shoe shopping.

Six

I really don't go shopping unless I have to as far as when I buy clothes or things that I need for the house. If I need them, I will go out and buy them, but I don't really like to browse and look around too much, window shop, anything like that.
